# OPPORTUNITY FOR HAWAII SCHOOLS BEGINS WITH HAWAII COUN

Much of ough participation by the schools at this was never inspected, doubtless, or most cursorily so; nevertheless, it was an inspiration to the children to work on something which the great world might look upon and admire. This phase of a country fair is one we may easily over ock—that it exists not only to amuse and instruct the sightseer, but to inspire the exhibitor. Self-expression is one of the most urgent and constant of human wants. Some are limited to extremely few and narrow channels in which they may exhibit their powers and posses sions. A county fair gives a let of people a chance to show that they have and admire good stock, good produce, good handiwork of whatever and first look over the fine supply o sort it may be. humanity in the past. A county fair, by this definition is, in its own way, an agent of culture and a very efficient one. It gives a person a chance to show his best to his fellow citizens. There ought to be many prizes in a fair and many instances of "honorable

mention." In a community of many different nationalities, it is particularly desirable that the different elements of the community be brought into friendly competition with each other. I recall the great interest taken in the poultry show at Hilo last winter by Japanese when they saw a prize-winning Japanese game cock exhibited by

Mr. Benedict will go CHENG-Thursday, November 12, directly to New York. He will make his home in the East.

> Dr. Frederick Stubbs, F. R. G. S., who has spent several days on Maul, visited Haleakala last Friday. The Kona storm made the trip not altogether successful, yet the doctor had one or two good glimpses into the crater. Last evening he preached at the Wailuku Union church. In spite of the storm there was a good congregation to hear the interesting speaker. Today Dr. Stubbs has visited parts of Maui about Wailuku, Lahaini and Lahainluna. He will spend some little time in Honolulu before leaving the islands.

In fact, a county fair is about the

only sort of gathering in Hawaii where all people can meet on a common basis of interest and endeavor. Neither politics, religion, race jealousy or any other reason can prevent all nationalities enjoying a county fair. At home, interesting as a county

fair is, it is not needed primarily to show a better way of doing things, but in Hawaii the influence of such a fair should contribute greatly to showing better methods of stock-raising, the California Feed Co., Ltd. has it. before the children have done much of agriculture and in every way should raise the standard of taste and achievement.

It is my opinion that if the present success which we anticipate it will its next session in 1915.
